EUROPEAN PATENT

Tarpat	Official fees	Internal fees	Hourly rate
--------	---------------	---------------	-------------

Any third party can file an opposition to the European patent within 9 months from the grant. The opposition brief must give detailed grounds for the objection to the grant of the patent. The opposition is then dealt with in an inter-partes procedure.

EP080-8	Analysis and transmission of the extended search report with our comments		✓
EP080-10	Drafting a response to the opinion		✓

100 Publication

European patent applications are published as soon as possible after expiration of 18 months from the filing date or priority date. The Search Report is published separately at a later date if not already available.

EP100-1	Forwarding a copy of the published application	-	
EP100-2	Forwarding a copy of the search report	-	

120 Examination

A designation fee must be paid at the same time as the examination fee, within 6 months after the publication of the Search Report. It is usual to designate at this stage all the member states of the EPC, and then to wait for the grant to make a selection in this list.

EP120-2	Examination fee	€ 1'700,00	CHF 600,00

FRENCH PATENT

Tarpat		Official fees	Internal fees	Hourly rate
60	Filing			
	Clerical expenses charged on a flat-fee basis upon filing within the French Institut de la Propriété Intellectuelle. Most applications are filed through our sister firm Twenans. This not only allows us to considerably reduce the costs of obtaining a patent in this country, but also guarantees a high quality of service thanks to a thorough knowledge of the French patent system by experienced counsels. To avoid extra costs, it is recommended that all documents, Powers of Attorney, designations of inventors etc. be filed when filing the application.
